

## Sniper Training Package

Posted on Saturday, November 15 @ 08:31:47 GMT by [Max\\_Hattuer](#)

*"Hidden in the buildings surrounding every major event, are men and women trained in the art of marksmanship. It is these men and women who protect our administrator's from harm that may be caused by Terrorist activities. Many of these people go unknown, unwanted, and SLA does not like having to train them, but it is a must. For our safety, and yours."*

-Julie Winters, Human Business, SCL 8C, Department of Employment

### Sniper Package

The planets in the WoP are dangerous for all operatives, even more so for the administrators who have little to no experience or training in combat. To this end, SLA Industries trains the best marksman they can find into Snipers.

They watch from the high areas for their targets. They have the best rifles money can buy. They can see for miles. They can do this all day long.

Nothing gets by Snipers, it is their duty to notice everything, down to the smallest detail, and if it seems to be a threat to SLA, it is their duty to eliminate it.

Marksman (CONC)

Detect (CONC)

Weapons Maintenance (CONC)

Rifle (DEX)

Climb (PHYS)

Hide (DEX)
